

Master-Clip HT 450

Article Master No.: 000324

Exhaust gas hose for exhaust gas temperatures up to 450 °C, two layers

hydrolysis
resistant

microbe
resistant

flame
retardant

compressi-
ble

very
flexible

medium
heavy

moderatel-
y pressure
resistant

Product Details

Construction / Material

- Type of construction: spiral hose with clamping profile
- Design of the helix: metal band, formed as a clamping profile
- Material of the helix: steel strip, hot-dip galvanised
- Design of the external spiral: designed as an additional protective profile
- Execution of the wall: coated, double-layered
- Specifications of the wall: flame retardant according to DIN EN 13501-1 (class B1, s2: medium smoke development; d0: no burning droplet/fall within 600 seconds)
- Design of the inner layer: reinforced by interwoven VA wire, heat-resistant impregnation
- Material of the inner layer: glass fabric
- Execution of the external layer: coating with heat stabilisers
- Material of the outer layer: high temperature fabric

Properties

- Chemical Properties: good resistance to chemicals, good UV resistance, good ozone resistance, weather-resistant
- Flexibility: very flexible
- Weight: medium heavy
- Pressure Resistance: moderately pressure resistant

- Colour: silver grey
- Other: increased vacuum resistance due to woven-in reinforcing components

Operating Temperature

- Temperature Range: -20 - 450
- short-term maximum temperature: peaks to 450 °C exhaust gas temperature (peaks to 500 °C), for proper use exhaust gas funnels are required and a sufficient supply of fresh air (approx. 50% based on the maximum specified temperature)

Delivery Information

- Delivery, type of production: order-related production

Application Areas

- Areas of application: Automotive, Plant & Mechanical Engineering, Industry, Aerospace technology, Ventilation & Air-conditioning, Sea & Rail transport, Food & Pharma, Vehicle Construction, Metal & Toolmaking

Customizing Options

- optional item modification (on request): other lengths, other nominal widths, with stainless steel spiral

All data refer to a medium and ambient temperature of +20°C.
Specification of the bending radius related to the inside of the hose bend
Subject to technical changes and colour deviations

Delivery Variants

Available in other lengths, other nominal diameters, with customer-specific customer-specific imprint.

Disposal instructions

After use, the product must be disposed of in accordance with the legal regulations applicable in the user's region (in Germany in accordance with the applicable Waste Catalogue Ordinance (AVV)).

Possible Connection Elements

Hose connector
Sheet steel connector for extending, connecting and joining light to medium-weight hoses

Hose Reducer, symmetrical
Hose reducer for extending, connecting and joining light to medium weight hoses

Clip-Grip Hose Clamp, screwable
Screwable clamp for attaching all hose types from the Master-Clip series to mobile and stationary systems

Clip-Grip Hose Clamp, screwable, Steel quality W4, stainless steel 1.4301
screwable clamp for attaching all hose types from the Master-Clip series to mobile and stationary systems

Clip-Grip Quick-Fix Clamp
Special clamp for attaching all hose types from the Master-Clip series to mobile and stationary units.
