

## Master-Tube PUR H

microbe  
resistant

hydrolysis  
resistant

spiral-free

metal-free

### Product Details

#### Construction / Material

- Type of construction: axially extruded tubing without seams or welds
- Execution of the wall: made of highly abrasion-resistant material

#### Properties

- Chemical Properties: good UV resistance, hydrolysis resistant, microbe-resistant, plasticiser-free
- Mechanical Properties: kink-resistant, high mechanical strength and surface hardness, elastic behaviour under mechanical stress
- Physical Properties: flexible at low temperatures

#### Operating Temperature

- Temperature Range: -40 to 85 °C

#### Application Areas

- Areas of application: Plant & Mechanical Engineering, Industry

#### Customizing Options

- optional item modification (on request): printable, rolls

### Disposal instructions

After use, the product must be disposed of in accordance with the legal regulations applicable in the user's region (in Germany in accordance with the applicable Waste Catalogue Ordinance (AVV)).
