

# **Combiflex PU Screw Cuff EL**

PU end fitting for Master-PUR L/H and Master-PVC L/H hoses, electrically conductive

## **Product Details**

**Construction / Material** 

- design of the cuff: made of a material with high impact strength, made of electrically conductive material
- material specification of the cuff: surface resistance  $R_0 < 10^4$  Ohm

### **Properties**

- Mechanical Properties: form stable
- Physical Properties: flexible at low temperatures
- Colour: black
- Other: easy to assemble

### **Operating Temperature**

- Temperature Range: -40 90
- short-term maximum temperature: peaks to 125 °C

#### **Delivery Information**

• Delivery, type of production: various nominal widths are available ex production, individual nominal widths also ex stock, individual nominal widths also ex stock

### **Application Areas**

### **Customizing Options**

• optional item modification (on request): in permanently mounted design for liquid-tight, tension-resistant connections, other nominal widths, other colours, couplings for other hose qualities

Article number	DN of the hose mm	Outer diameter of the pipe (AD) mm	Clamping range outside mm	Screw-in depth of the hose mm	Insertion depth of the threaded socket mm	Piece weight kg	Length mm

## **Article Variants**

Subject to technical changes and colour deviations

## **Delivery Variants**

Available in other lengths, other nominal diameters, with customer-specific customer-specific imprint.

## **Disposal instructions**

After use, the product must be disposed of in accordance with the legal regulations applicable in the user's region (in Germany in accordance with the applicable Waste Catalogue Ordinance (AVV)).
